CAUTION FROM THE
CHANCELLOR'S OFFICE

It has come to my attention that students may have been contacted from persons outside the University for purposes of participating in group therapy sessions. Neither the Chancellor nor the Director of Health Services has knowledge of any group therapy program to be conducted by persons outside the University for or involving University students. None has been authorized. If you have any information about this matter, or any questions please contact the Director of Health Services. If a group therapy program, or any other health program is approved within the University, notification and approvals will come through the usual channels.
