Summary/Abstract

The Northeast Regional Center for Vision Education (NERCVE) is committed to improving education for people with visual disabilities. We offer in-person and online training in three main areas: Teacher of Students with Visual Impairments; Orientation and Mobility; and Vision Rehabilitation Therapy. Graduates of our programs are trained to help people with visual disabilities access high-quality education, seek employment, and travel independently.

Goals and Objectives

Increase the number of highly qualified Vision Education and Rehabilitation Professionals.

Increase the geographic accessibility of low incidence disability knowledge and skills in visual impairments through distance education.

Promote community engaged partnerships to support the sustainability of resources and expansion of teaching, research and service benefitting individuals with visual impairments.
