MEMORANDUM TO: The University Community

In September a thirty-year old student from Nigeria enrolled as a student here.

On his application form he was asked the routine question: Why do you want to attend UMass-Boston?

"I love it," he said.

Last week Silas Mbawuike, Class of 1976, died suddenly. He leaves a pregnant and sorrowing wife in Jamaica Plain, and a family of thirteen brothers and sisters in Africa.

There are devastating financial problems associated with his death. Hundreds of dollars are needed to send his body back to his native land; his wife needs help.

I am asking that you make a special effort to communicate to your associates the need to assist in a UMass-Boston community effort to help Silas' family.

He left a legacy to UMass-Boston in the brief time he was with us; an inspiration to the students in his classes with Cal Larson and Charles Bowen; to the people in the advising and admissions offices; to the others who were better because they came to know him.

Whatever donations you may be able to secure, would you kindly forward them as quickly as possible to Bette Davis, Advising Office, Sawyer 439, or to the secretary in Sawyer 444. Make checks payable to Mrs. Silas Mbawuike.

Thank you for your kind consideration.

William R. Hamilton, Jr.
Acting Chancellor
