Summary

Jumpstart is a national **early education organization** that recruits and **trains college students** to serve **preschool children in low-income neighborhoods**. Our proven curriculum helps children develop the **language and literacy skills** they need to be ready for kindergarten, setting them on a path to **close the achievement gap** before it is too late.

Children in low-income neighborhoods on average start kindergarten **60% behind** peers from more affluent communities

Most of these children never catch up

Goals and Objectives

- Strengthen the **language & literacy skills** of preschoolers from low-income communities.
- Support preschooler's **social-emotional development**.
- Train and cultivate **future teachers and leaders** at UMass Boston.

ABC
Every \$1 invested in early education produces a

return on investment of 10%

Investing in early education results in proven benefits to society as a whole

Greater lifetime productivity in the workforce

Lower crime rates, fewer teen pregnancies, and less public assistance dependency

Higher graduation rates and greater academic achievement

Approaches and Methods

- **The Jumpstart Curriculum** builds the key language and literacy skills children need to be ready for kindergarten. Children participate in 20 weeks of sessions, twice per week, targeted to build language, literacy, and social emotional skills. Session plans are organized in six unit themes -- Family, Friends, Wind and Water, The World of Color, Shadows and Reflections, and Things That Grow.

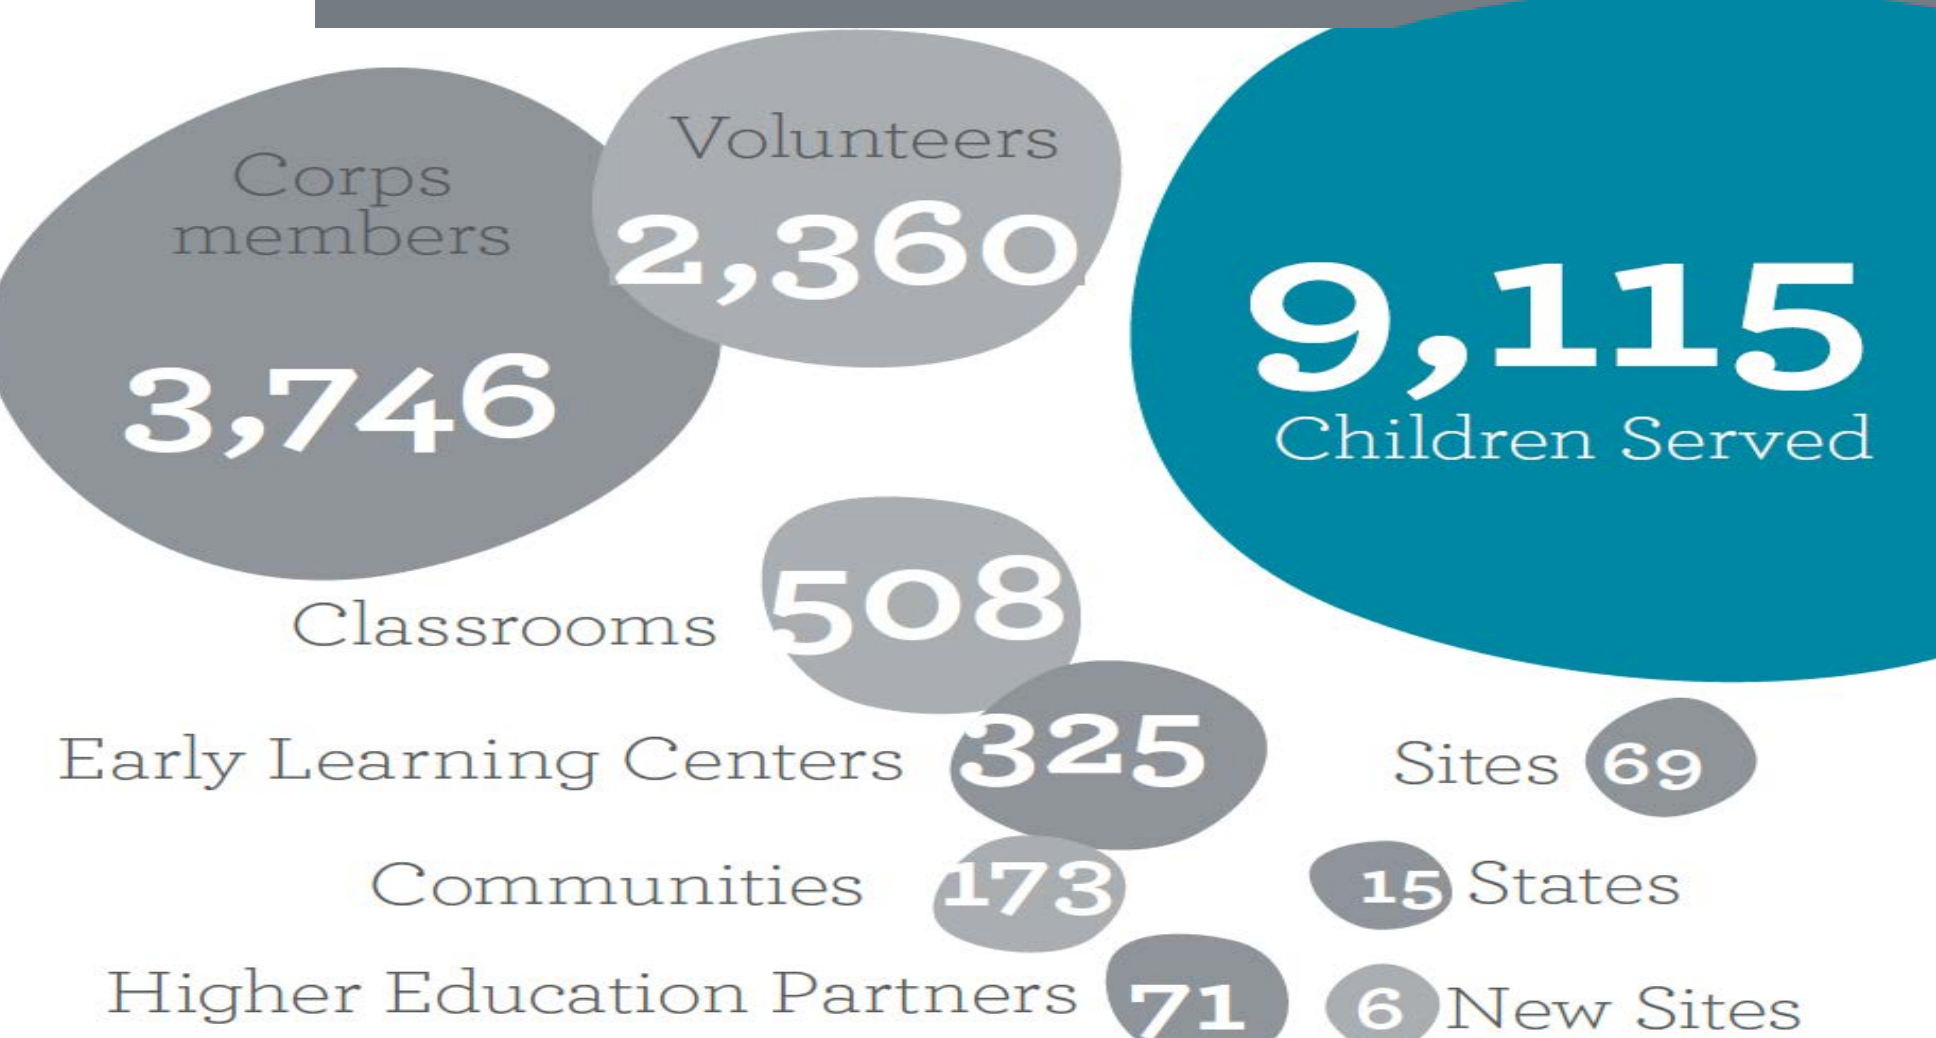

- **Observe Classrooms and Give Feedback.** Jumpstart's staff members provide 40+ hours of training and observe classroom teaching throughout the year to ensure quality and effectiveness.

- **Focus on Results.** Jumpstart's methods are driven by significant and consistent school readiness gains among the children we serve.
