There are lines you shouldn't cross
Because it can lead to loss
Of relationships and friends
And you'll be lonely in the end
Lying leads to hurt and sadness
Taking away all the gladness
That you shared and will be lost
Leaving you to pay the cost
Cheating will break hearts in two
Think about what you will do
If you lose a love so precious
Causing hurt and lots of messes
Abusing those who mean a lot
Will put you in a rough spot
When your handcuffed for the pain
With only yourself to blame
If you think before you do this
You wont look stupid and so foolish
And cause so much tears and sorrow
With those who wont be here tomorrow

Taking away all the blissness
Living leads to hurt and sadness
