Izzy We were envious of the popular kids they never seem to notice us.

De'Mari So we bullied the popular kids and we might get more attention from other

Principal Well you got my attention. And guess what suspension 2 weeks. At this school we don't take bullying lightly. And when you come back I want a essay about why bullying is wrong and how we can stop it. Understand.

~~Den~~ (De'Mari and Izzy together) Yes Sir.

Principal Now go!

Violence is something that people cause. But violence can be stopped if everyone helps. Some people cause violence by having mental illness in their head. People who live in the poorest of places usually see a lot of violence. Why because they can't afford to move. What does violence mean to me? Well it means recklessly doing harm or even killing. Ending up in a tragedy for the victim's family that will never see their loved ones again. How can we stop this? We can stop it by getting people to stop doing things that will influence them to kill. Another way is to get people active in their community. Another thing that hurts everyone is guns. I think that the police should start taking more guns off the street. This will foolowen the danger. Violence also happens in school. Bullies cause this by making fun of others and lowering their self-esteem. Making them self-conscious about themselves. To stop violence we must know violence and understand violence so that we can stop it. These are some reasons that can stop violence and know what violence is.

I have been thinking about the future a lot lately. It seems like I am always looking ahead, trying to figure out what I want to do with my life. Sometimes I feel like I am lost, like I don't know where I am going. But then I remember that I am here, and I have a chance to make something out of myself. I want to be someone who makes a difference, who helps other people. I want to be a leader, someone who can inspire and motivate others. I want to be a person who is kind, who is honest, and who is always trying to be the best I can be. I want to be a person who is not afraid to take risks, who is not afraid to fail, and who is not afraid to dream big. I want to be a person who is always learning, who is always growing, and who is always reaching for the stars. I want to be a person who is always making a difference, who is always making a positive impact on the world. I want to be a person who is always making a difference, who is always making a positive impact on the world.
