Lilly And Kayla

"Ewwwww, look its the girl from mars." said Kayla

"You don't have to be so mean you know." said Lilly.

Lilly went to science class crying and thought why she got bullied so much.

"Hi, Lilly wanna sit next to me today?" said Lilly's friend Vanessa.

"Sure" said Lilly. She was about to sit down in the front but before she could Kayla sat down there.

"Trying to steal my seat huh?" Kayla said.

"No, actually Vanessa saved it for me, so if you wouldn't mind getting up....."

"Make me" said Kayla. Lilly didn't want to fight or argue and knew that she didn't have the courage to do so.

Later that day Lilly was walking in the hallway.

"Why me..." Before she could finish Kayla's boyfriend David came and said

"Hey"

"oh ummm hi" said Lilly.

Lilly didn't know what to say because she had a crush on him for like forever. She thought that Kayla would bully her a lot more if she talked to him.

"What are you doing." Kayla came up and said to Lily and also said,

"You don't belong here" Lilly went crying into the bathroom she never wanted to go to school again.

"She thought very carefully about what had Kayla always teased her." She knew herself that whenever she would go home her mom wouldn't say anything because of her drug addiction.

"I should probably get to lunch" she said sadly.

At lunch she sat next to Vanessa and talked about how Kayla kept on teasing her. Vanessa told her to stand up for herself and to tell a teacher. Lilly went to her locker thinking that she was brave and could tell the principal.

Lilly took a breath and opened the door, they talked about Kayla. Kayla was in Chemistry and asked the teacher if she could go to the bathroom. She went and noticed the principal and Lilly talking.

"Huh wonder what that is all about"

Kayla listened carefully, the principal was going to expel her. She knew that she would have to come up with something she only had three days.

Lilly came home, didn't say anything to her mom because she learned from experience from when she was six years old. Her mom had ignored her and made fun of

her and threw food at her to make her stop talking. From this experience Lilly just wanted to be normal and not get bullied by Kayla, and she thought her mom as a bully in a way too. Lilly thought about what kind of names she would be called tomorrow, and then she thought about why Kayla bullied her. She thought that maybe she did something better than her and she got jealous.

“Or maybe Kayla just wants to bully me because she doesn’t like me” Lilly said to herself.

The next morning at school Kayla had forgotten that she would be expelled tomorrow if she didn’t say something. So she went up to Lilly and said,

“Lilly, I am so sorry for all the mean names I called you...”

“Oh Thanks, maybe we can be friends, I mean I know you have a lot but...” said Lilly

“Sure” Kayla said.

They walked to history together and from that day Lilly realized she didn’t have to live with her mom and the police took her to jail. And Lilly got adopted by the Blue’s which was Kayla’s family.
