The John W. McCormack Institute of Public Affairs is named for the Speaker of the United States House of Representatives from 1962 to 1971. John W. McCormack was born in South Boston, less than a mile from the University of Massachusetts at Boston's Harbor Campus. The McCormack Institute represents the university's commitment to applied policy research — particularly on issues of concern to New England — and to public affairs education and public service.

The *New England Journal of Public Policy* is published twice a year by the John W. McCormack Institute of Public Affairs, University of Massachusetts at Boston. Subscriptions are \$100 per year for institutions and \$20 per year for libraries and individuals. Manuscripts and correspondence should be sent to the *New England Journal of Public Policy*, John W.
