Tears to Dreams

The tears that fall down your face  
The anger that rises  
All the hate contained  
All the happiness that has gone

The times where suicide is an option  
Times where murder is an idea  
Yet you stay down  
With no choice  
But to get beat

The actions that violence is a part of  
Drugs that are used to escape this world  
Murder that has happen out of anger and stupidity  
Guns that are created, created just for power

But is there anything to stop this  
No there is not  
The love that is hidden behind our eyes  
The violence that has blinded people  
From seeing the truth  
That love is the answer

Here you are on the ground bleeding  
Yet you don't give up because of your dreams  
A dream in which people would take a bullet for another  
A dream where love is everywhere and violence is nowhere

A dream in which people will stand up for another no matter the cost  
But here you are on the ground crying  
No friends around to stand up for you  
The nights where you cry yourself to sleep  
The sun that rises is just another signal for a beating

The first part of the document  
is a general introduction to the  
subject matter. It discusses the  
importance of the work and the  
role of the organization.

The second part of the document  
describes the methodology used in  
the study. It details the data  
collection process and the  
analysis techniques.

The third part of the document  
presents the results of the study.  
It includes a detailed description  
of the findings and their  
implications for the field.

The fourth part of the document  
discusses the conclusions drawn  
from the study. It highlights the  
key takeaways and offers  
recommendations for future  
research.

The final part of the document  
provides a summary of the entire  
work. It reiterates the main  
points and emphasizes the  
significance of the research.  
The document concludes with a  
statement of appreciation for  
the support and assistance  
provided throughout the project.
