Violence Acrostic Poem

Violence is harmful and dangerous to everyone on Earth.

In the words of John F. Kennedy and Thích Nhất Hạnh, "Those who make peaceful revolution impossible will make violence revolution inevitable." - J.F.K, 1962. "We often think of peace as the absence of war, that if powerful countries would their weapon arsenals, we could have peace. But if we look deeply into the weapons, we see our own minds—our own prejudices, fears and ignorance. Even if we transport all the bombs to the moon to the moon, the roots of war and the roots of bombs are still there, in our hearts and minds, and sooner or later we will make new bombs. To work for peace is to uproot war from ourselves and from the hearts of men and women. To prepare for war, to give millions of men and woman the opportunity to practice killing day and night in their hearts, is to plant millions of seeds of violence, anger, frustration, and fear will be passed on for generations to come." - Thích Nhất Hạnh
