Violence by [REDACTED] 1/17/14

Young people are dying from left to right

it just leaves people in pain and sorrow

it's like a demon that just killed a human being, and leaves the body
lifeless for the human being's soul

I sometimes think to myself "when will all this violence and doing
inhumane things stop?" you know the stabbings, shootings, drugs, and
bullying

The knives and scissors around you scar you if you misused

but do not be influence by those scars

learn from them and you will be soon be shaped into a strong person

The screams of people turning into blood curling cries, and as they
suffer from the pain from where they had gotten shot turns into the
fate of death and in the hands of the grim reaper

The pain can get to us all, endure all the pain

if you don't then the pain will turn into a weapon

or maybe it can't be stop for good,

without it we wouldn't have tranquility, we can help each other;

when we understand there can be peace, and love

and balance each other out so there can be peace

People should stop and think of a way to stop violence

like how demons make a contract with humans in order to gets its

preys soul once the contract is fulfilled, and once the contract is fulfilled

they get to eat their prey's soul and make another contract with

another human it's like a life cycle for demons

And all we need to do is take a stand and stop the violence if not then it
will continue on
