VIOLENCE IS NOT OK!!!!

Victims getting hurt everyday injuries happen for no apparent reason people get killed everyday for someone elses actions music up loud. just because someone else say something to get that person killed some people think that something is true then kills the other person. Like on the the news last week on Friday a White man who was working at a gas Station and the black man had his music up loud and the white man told the black man to put it down but the black man didn't put the music down so the white man killed the black man because of that dumb reason a person losted their life the black man was unarmed and got shot eight times the white man was 47 and the black man was 17 what happening to the world????
