## Violence

Violence, there are two types of violence, verbal and non- verbal.

Verbal is when you use words to hurt people.

Non- verbal is when you get physical and hurt people.

Verbal is your words, words they could bring happiness and also bring sorrow.

Non- verbal is physical, physical could show affection and physical could also be hurtful.

Violence is something you do and never take back it is like the leaves on a tree once it falls down it will never go back up.

Violence is not something you can take or get rid of it so easily like a stain on your shirt.

Violence is a never-ending epidemic like a continuous circle.
