Violence effected me by cops bustin all my doors. Also when they hand cuffed my father for no reason. It effected me because when you see violence you think to your self. Say that's okay nothinz wrong cant ~~be~~ just bully people because your cops that's wrong. This is a war we can stop violence if every one pitch in we'll be able to stop violence for ever. Then it wont be a big problem any more. violence Striked again screaming yellinz nervous. what should I do running violence still followinz cant hide cant slip away violence followinz we trapped violence evry where cant hide of run surrounded lookinz for nothinz no chance violence seepinz throu the shadows can run any more im a goner. when I was growinz up violence was every where father drinkin mom smokinz takin care of my brother and sister goners no survial people getting shot no cops the world we live in a terrible world. no help no peace no considerations the world we live in always try off thinkinz people who are livinz worst life all I can think about is my life getinz worst and worst gettin worst just might end it. what's the point.

Violence

Violence affects one or two people in  
 my class. Also with the word "violence" and "hate"  
 on the Internet. I + respect for the person who  
 is violent. You think to you self say that  
 you're wrong wrong about what you're doing  
 you can't hate what this is away we can  
 stop violence if you are a person in  
 because to stop violence for ever. That if you  
 are a big person you make violence better  
 you're becoming a more violent person  
 about the violence. Still following  
 you can't stop over violence. During  
 we have violence every where. Can't we  
 of the same but looking for a better way  
 change violence. Seeing that the violence  
 and for our own in a good way  
 I was growing up violence was  
 what father taking from someone taking  
 life of my brother's sister's daughter  
 the person people getting shot in  
 cope the world we live in is terrible  
 why no wild no peace no cooperation  
 the world we live in always try  
 thinking people who are living worst life  
 I don't think about in my life. I don't  
 and never getting worse but I don't  
 what the life
