~~Violence~~
Violence

Violence has effected my life in many ways. one of them is where I live and who lives and who lives around me. One day when I first moved with my aunt I met 4 boys one of them I already knew from school he & 2 of the boys usually did bad things. after a month I knew what type of kids they were. They often bully, bother, and take peoples stuff. one time I saw them bully a kid who was 3 years old. They picked on him cause he was smaller. I watched him get bullied until I had enough. One day I saw him get bullied I bring him to his mom and she said "Don't let them keep bothering you". Then I told ~~her~~ him "tell someone." so he did. The next ~~day~~ week the two boys had a friend that thought he could bully me. He did. But when a week came I had enough. He hit me and I grab him and pulled him and punch him in his face and he never bothered me again. That's ~~how~~ how violence affected my life.
