## Violence

Violence has effected my live because when i was little my older brother hit me alot and cut my lip and it was over some type of candy. The causes of youth violence is Alienation, Druss and UNSupportive Parents and bad role models these are all possible reasons why kids are violent. What can I do about youth violence I can do better and try to stop violence all together because all types of violence is bad because life is to short to be murdered or in a cross violence god didn't build one nation with people fighting all the time. He made a world were people are supposed to love and respect each other that why we need to put help out there more than police because police can arrest people not give them real help.
