Violence

Violence can affect many peoples lives either physically or mentally because it can take someone that you love the very most just like me so here is my story . So while I was waiting for my uncle in the car with my big sister so my uncle went into the store so me and my big sister started talking so then my uncle comes out the store and when he walked some one runs up to him and reaches in his own loose pockets and pulls out a dark black gun and put it to to my uncles head and yelled 'GIVE ME THE JORDANS" so my uncle told him NO! then he fired a bullet into my uncles head and ran away then my sister ran out of the car then my sister put him in her arms and called the police meanwhile the man was running to a car with my uncles shoes. The cause of youth violence is when people want to try to fit in be cool and do some that they think they need to do and have the others suffer. What I can do to prevent violence is to start a awareness program in the community my uncle died in and dedicate it to him so this wont happen again.
