Violence

Violence have affected my Life by scar me for life. One day I was outside with my friend that when it all happen I was talking with him than a car came and said are you Adam that was my friend name. He said yes to the man. Than they was talking but I know in my heart. He was not a good person. Than he said to my friend to here so I can tell you some thing. I said to not go! he said why not? but he still went. They was talking and than a big sound came from the car. I close my eyes and blood was on me. Then the car was gone I was calling my mom so she call 911. But he did not make it. I was very sad. So what we can do about youth violence is that we make kid stop doing violence so we can all have a good living. So they will not do drugs or bad things for than. Like my friend he was with the bad people so he than he got shot and and he did not make it and it is living. we all will die one day that is just life. What can I do about youth violence. we can talk with all the parent so than we can stop all this violence. So we can live a happy life.
