Violence

Do you know what violence is?

Violence is behavior involving physical force intended to hurt, damage or kill someone. Violence is harmful. Violence can hurt people in many ways. Violence happens everywhere. Violence happens in everyone's life.

Violence affected my life mentally.

It happened when my mom and my dad was fighting. We were watching a football game having fun like a family. My mom and dad started talking. They kicked me out of the living room. So I went in my room.

I started to hear yelling so I walked into the living room and seen my mom and dad arguing.

I was scared that my dad was going to hit my mom so I said "You'll need to stop yelling!" Then my mom said "You need to mind your business." So I told my brother and my brother got them to stop arguing.

I was scared that my dad was going to hit my mom so I said "I'll use to stop yelling if then my mom said "you used to come from Germany" so I told my brother and my brother. But then to stop a group.

Then my DAD said "Im leaving
I won't be back here." Then
he packed his things and left.
So by them fighting I can't see my
DAD anymore.

The things that cause
youth violence is trying to be
someone your not, showing off,
jealousy, fighting, gossiping, Bullying
I can stop youth violence by
speaking up and speaking out. When I
see things let someone know.
Telling people to treat people the
way they want to be treated. Try
to get along with everyone.
Don't expect drama work it out.
