violence.

Death and Fights come to mind when I think about violence. Violence has affected my life in many ways. One way violence has affected my life is that I'm always going to have to look over my shoulder. when I'm walking by myself in my neighborhood. Because of all the gangs and violence in my neighborhood. sometimes I'm afraid to walk by myself in neighborhood. Especially a girl alone in a rough neighborhood.

Violence has impacted my life but taking the people I care about away from me. either they go to jail or worse they would get killed. For the little things they do, for example if your from health st you can't go certain neighborhoods because of gang related violence. That's how violence affect my life.

I don't and finally came to
 mind when I think about
 violence. Violence was affected
 and life in many ways. One
 way violence was affected
 and life is that I'm always
 doing to have to look over
 my shoulder when I'm
 working on market. I'm
 worried by people of all
 the groups and violence in
 the neighborhood sometimes
 in order to work market

 of girl group in a certain
 neighborhood.
 Violence has impacted my
 life by taking the people I
 care about away from
 me. I have from 10 to 20
 or more than 1000
 killed for the little things
 then do for example if
 you know what it's like
 to get this neighborhood
 because of this kind of
