The John W. McCormack Institute of Public Affairs is named for the Speaker of the United States House of Representatives from 1962 to 1971. John W. McCormack was born in South Boston, less than a mile from the University of Massachusetts Boston Harbor Campus. The McCormack Institute represents the university's commitment to applied policy research — particularly on issues of concern to New England — and to public affairs education and public service.

The Center for Policy Analysis is a multidisciplinary research unit dedicated to the creation and dissemination of knowledge that facilitates economic, social, and political development. The Center aims to enhance the economic and social well-being of citizens by providing research, information, and technical assistance to government, nonprofit, and educational agencies.

The *New England Journal of Public Policy* is published by the John W. McCormack Institute of Public Affairs, University of Massachusetts Boston, and the Center for Policy Analysis, University of Massachusetts Dartmouth.
